Sanjeet Kumar

Data Analyst Student | Python, SQL, Power BI

sumitkumar989159@gmail.com | 7065974303 | Giridih , Jharkhand

https://github.com/sanjeetkumar989159-hub |

https://www.linkedin.com/in/sanjeet-kumar-706597s/

Skills

Hard Skills: HTML/CSS, Python, JavaScript, Java, C++, Excel (Advanced), Data Visualization Tools, Figma, SQL, Power BI

Soft Skills: Communication, Critical thinking, Teamwork, Problem-Solving, Adaptability

Work Experience

Data Analytics Intern - Codec Technologies *Jul 2026 - Present*

Python, Excel (Advanced), Data Visualization Tools, SQL, Power BI, NumPy, Pandas

Technical Projects

india weather analysis *2026*

Python, Data Visualization Tools, APIs, API Integration, Pandas

GitHub Repository

The project retrieves real-time weather data for Indian state capitals, providing up-to-date insights on temperature, humidity, and more. It visualizes the collected data and saves it in CSV format for easy analysis and reference. My role involved integrating the OpenWeather API and organizing the

Problem Solving & Data Structures

LeetCode

Sanjeet Kumar exhibits a strong passion for problem solving and data structures, with proficiency in arrays, strings, linked lists, stacks, queues, trees, graphs, hash maps, and dynamic programming. Skilled in Java and C++, he applies Big-O analysis to optimize solutions and practices regularly on platforms like LeetCode and HackerRank. Familiar with tools such as Git, VS Code, and IntelliJ IDEA, he leverages object-oriented principles to develop efficient algorithms.

Education

SAGE University Bhopal

B.Tech | Computer Science Engineering (2025 - 2029)

Project High School Pihra Gowan

Class XII (2025) **Percentage: 71**

UHS Hariharpur

Class X (2023) **Percentage: 71**

Certifications

- Prompt Engineering Mastery - Sunstone School of Technology (May 2026)
- UI/UX Professional Certification - Sunstone School of Technology (April 2026)

Achievements

- Recognized for outstanding Presentation Design & Content skills at the SAGE University Techverse event.
- Secured 60 percentage or above in the DSA Bootcamp Assessment, held at the SAGEB campus demonstrating proficiency in Data Structures, Algorithms, coding implementation, and problem-solving skills.
- Secured 60 percentage or above in the Industry Oriented Python for Transforming Data into Insights Assessment, held at the SAGEB campus, demonstrating proficiency in Python programming, data analysis and data visualization.
